

H210

N95 DISPOSABLE RESPIRATOR

Leading the world in contamination monitoring has inspired us to create the most innovative N95 Disposable Respirator on the market. The three-panel design naturally contours to your face to keep the soft nose foam seal in place.

The H210 is a product of countless iterations and focuses on what matters most to the end-user: fit, breathability, visibility and durability.

H210 N95 Disposable Respirator

CERTIFICATION BY	NIOSH # TC-84A-9376
Material Composition	
Filter	Polypropylene
Nose Foam	Medical Grade PVC
Nose Clip	Dual Iron Core Polypropylene Coated Wire

Time Use Limitation:

The respirator may be used until damaged, breathing becomes difficult or contaminated with blood or bodily fluids. Discard after every use when used for surgical procedures. Follow national, state, local, and facility infection control guidance and policies.

Storage Instructions:

Store respirators in original packaging and away from contaminated areas, dust, sunlight, extreme temperatures, excessive moisture, and damaging chemicals.

Distributed By:

Lighthouse Worldwide Solutions reserves the right to change specifications without notice.

Who We Are

For more than 40 years, Lighthouse Worldwide Solutions has met the indoor contamination monitoring and control needs of the FDA-regulated healthcare, pharmaceutical, and medical device manufacturing industries. We serve customers in more than 70 nations from our USA-based HQ and multiple international offices. Our customers have leveraged our regulatory and contamination control expertise to help ensure their success.

Our expertise in contamination control has inspired us to create the most innovative N95 disposable respirator to enter the market.

Lighthouse Worldwide Solutions has developed the H210 N95 disposable respirator to fit more comfortably and securely than any other respirator on the market. The H210 focuses on what matters most to the end-user: fit, breathability, visibility, and durability.

Our customers have told us the H210 is a "fit test champion," checking the boxes in fit, comfort, and breathability. In addition to a good seal, we know visibility is also crucial; our patent-pending ClearView Bar can increase your peripheral viewing angle up to 30%. As an ASTM Level 3 surgically rated / NIOSH N95 certified respirator, the H210 is the ideal choice for healthcare workers and all others who require a superior quality and high performance N95 disposable respirator.

Our products are made right here in the USA!

We look forward to discussing how we can be of service to your team!
